Since 50 Years

A Leader In
Filtration Technology

**FILTER
PRESS
MACHINE**

CAPITALIZE YOUR TRUST WITH US

PANAMA ENGINEERING COMPANY is one of the oldest & largest Manufacturer of **Filter Presses**. The group started its activities in the late 1970s with manufacturing of wooden filter plates & frames for chemicals and allied industries. In 1980 the group had an engineering workshop for manufacturing filter press structure and then gradually moved on to polypropylene plates & frames and automatic filter presses. Today group enjoys best reputation for their quality products.

Why PANAMA ?

Modern Engineering Manufacturing Facilities
Full In House Mfg. Facilities including P.P. Moulding
Best Performance & Quality
100% Customer Satisfaction

APPLICATIONS :

Dyes & Intermediates

Textile Industries

E.T.P (Effluent Treatment Plant)

S.T.P

Chemicals

Pharmaceutical Industries

Edible Oil Industries

Food

Mining & Minerals

Ceramic & Clay

Viscose

Metallurgy

Environment

FULL RANGE OF P.P. PLATES

Recessed Chamber Plate
Gasketed Plate (Zero Leakage)
Membrane Plate
Plate & Frame Type Plate

TYPE OF FILTER PRESS

Manual Screw Type
Hydraulic Lock-Nut Type
Hydraulic Pull-Back Type
Fully Automatic
